Sample Answer (Band 7+)

Dear Sir/Madam,

I am writing to express my dissatisfaction with my recent stay at your hotel, the Ocean View Inn, from March 10th to March 12th.

Firstly, upon arrival, I found that my room was not clean, with dirty linens and leftover trash from previous guests. Additionally, the air conditioning was malfunctioning, making my stay uncomfortable, especially during the warm evenings. I also experienced noise disturbances from ongoing construction work nearby, which was not communicated to me at the time of booking.

I kindly request that you investigate these issues and consider offering compensation for the inconvenience caused. Furthermore, I hope that your staff will improve the quality of room cleaning and provide accurate information about ongoing renovations to future guests.

Task 2: Essay Writing

Typical Question: Some people believe that technological advancements have improved our lives, while others think they have caused problems. Discuss both views and give your opinion.

Sample Answer (Band 8+)

Technological progress has undeniably transformed various aspects of our daily lives, prompting a debate about whether these changes are beneficial or detrimental. On one hand, advancements such as the internet, medical innovations, and communication tools have enhanced convenience, efficiency, and healthcare. On the other hand, critics argue that technology has contributed to social isolation, privacy concerns, and environmental degradation.

Proponents of technological progress highlight how smartphones and the internet facilitate instant communication and access to information, fostering global connectivity. Medical breakthroughs have increased life expectancy and improved disease management, saving countless lives. For example, telemedicine allows patients in remote areas to consult specialists without traveling long distances.

Conversely, opponents contend that excessive reliance on technology can lead to social disconnection, as face-to-face interactions diminish. Privacy breaches and data theft have become common, raising security concerns. Moreover, the production and disposal of electronic devices contribute significantly to environmental pollution.

In my opinion, while technology has introduced some challenges, its benefits outweigh the negatives when used responsibly. The key lies in harnessing technological tools to enhance quality of life while mitigating their adverse effects through regulation and awareness.

The Writing component involves two tasks:

- Task 1: Writing a letter (formal, semi-formal, or informal).
- Task 2: Writing an essay expressing an opinion, argument, or discussion.

Sample Task 1 and Answer:

Prompt: Write a letter to the local council requesting improvements to the public park.

Sample Answer:

Dear Sir or Madam,

I am writing to express my concern about the current condition of the central park in our neighborhood. The park has become overgrown and lacks adequate seating and lighting, making it less inviting for families and elderly residents. I kindly request that the council considers renovating the park by planting new trees, installing benches, and improving the lighting system. These enhancements would encourage more community members to enjoy the outdoor space.

Thank you for your attention to this matter.

Yours faithfully,

Jane Doe

In today's rapidly evolving world, technology plays a significant role in our daily lives. Some argue that technological advancements have complicated life, introducing new challenges such as information overload and dependence on devices. Conversely, others contend that technology simplifies tasks, enhances communication, and provides easier access to information.
